What You Need To Know

ASSESSMENT AT WARRAWONG HIGH SCHOOL

Teachers will use a range of strategies to assess your progress and ability. This will help them and you to understand your strengths and weaknesses so you can grow and achieve success.

There are **TWO** types of Assessment teachers use at Warrawong High School.

Informal Assessment

This type of assessment:

- Is incorporated in the day-to-day classroom activities of each subject.
- Measures the students' performance and progress.
- Helps teachers understand what you have learnt and what you need to develop further.

Formal Assessment

- You will have 4 formal assessment tasks per subject each year.
- It is compulsory for you to complete every formal assessment task.
- Formal assessment tasks take place towards the end of a unit of work and provide you with an opportunity to demonstrate what you have learnt.

What You Have To Do

TO ACHIEVE AT WARRAWONG HIGH SCHOOL

Always try your best!

It is important to always do your best work. This will help you learn. It will also help teachers to understand how they can help you.

Students must submit or complete all formal assessment tasks on the due date.

You must hand in your formal assessment task on the due date that is identified on your Assessment Notification. Attach your Assessment Notification to your task when you submit it to your teacher. The due date of a formal assessment task can only change if you speak to your teacher before the due date. The teacher will only change the due date if they believe you are being disadvantaged.

Students must follow all school rules and teacher instructions with regard to every informal and formal assessment task.

You are expected to complete all informal and formal assessment tasks to the best of your ability. You are to take pride in your work and behave appropriately when working with teachers to meet the expectations of each task.

Students must keep track of all assessment task requirements and due dates.

You must use a calendar and/or planner to monitor when formal assessment tasks are due. A completed Assessment Planner is attached to this document and can be used at home to track formal assessment tasks.

You have also been issued with a school diary. Write all assessment task due dates in your diary when you receive an Assessment Notification.

Students must notify their teacher if they know they are going to be absent for a Formal Assessment Task before the due date.

If you know that you are going to be away for a formal assessment task, you must notify your teacher before or after class. This must be done before the due date identified on the Assessment Notification.

How You Prepare

FOR ASSESSMENT AT WARRAWONG HIGH SCHOOL

Assessment Planner

Put the Formal Assessment Planner in this booklet on a wall close to where you complete your homework. It identifies the weeks your formal assessment tasks are due.

It can also be used as a tool to inform planning and revision. If you can see a formal assessment task is approaching in the next 3 weeks, ensure you are completing the milestones, study by revising content or draft aiming to complete the task to the best of your ability.

Assessment Milestones

Assessment milestones are designed to support you in your preparation for all formal assessment tasks.

Ensure you are completing the milestones on the dates indicated on the Assessment Notification. This will provide you with feedback to help you improve.

Teachers must provide you with a formal Assessment Task Notification at least 3 weeks prior to the due date of a formal assessment task. This is to give you enough time to prepare for and complete the task before you have to submit it. Make sure you understand the task and are working to meeting the learning intention and success criteria.

Warrawong High School Homework Centre

Our school Homework Centre is open on a Tuesday afternoon from 3 – 4pm in the library. A teacher is available to help you with your homework and study. By coming to the Homework Centre, you will be able to work with the teacher to build your understanding and prepare yourself for approaching formal assessment tasks.

Elevate Education

At the beginning of the year you complete a study session during your Student Induction with Elevate Education.

You can visit Elevate Education online to find study tips. Use our school password below.

Ask For Help

Your teachers are here to help you succeed! If you need help, ask your teacher before class, after class or during breaks to assist you.

Your Year Advisor is also someone who is always willing to help you. If you need advice, take the time to see them to discuss your concerns during breaks.

If You Do Not Complete

A FORMAL ASSESSMENT AT WARRAWONG HIGH SCHOOL

If you are on holidays

If you have a planned holiday during the due date of a formal assessment task, you must inform your teacher when you receive your Assessment Notification or as soon as possible, with a signed note from your parent/carer.

A new due date must be negotiated with your teacher. The new due date must be at least 2 weeks after the Assessment Notification for that assessment task was issued unless negotiated with the deputy principal.

If you follow this procedure, you will **not** receive a penalty.

If you are representing the school

If you are on school business representing the school on the due date of a formal assessment task, you must notify your teacher or the Faculty Head Teacher prior to the due date.

A new due date must be negotiated with your teacher. The new due date must be at least 2 weeks after the Assessment Notification for that assessment task was issued unless negotiated with the deputy principal.

If you follow this procedure, you will **not** receive a penalty.

If you are sick

If you are absent from school on the due date of a formal assessment task due to illness or misadventure, you must provide your teacher with a medical certificate or a signed note from your parent/carer outlining the reason for being absent.

A new due date must be negotiated with your teacher. The new due date must be at least 2 weeks after the Assessment Notification for that assessment task was issued unless negotiated with the deputy principal.

If you follow this procedure and the reason outlined is deemed sufficient, you will **not** receive a penalty.

If you are absent

If you are absent on the due date of a formal assessment task and do not follow the above processes, you will receive a 10 % penalty. This penalty will be calculated using the total marks allocated to the task. For example, if a task is out of a total of 20 then you will be penalised 2 marks.

Your teacher will notify you of your mark without the penalty and your final mark with the penalty.

You must still complete and/or submit the formal assessment task. If you do not complete the task, your parent/carers will be called and, if required, disciplinary action will be taken.

If you fail to submit

If you fail to submit a formal assessment task on the due date, you will receive a zero (0) mark. If you do not complete the task, your parent/carers will be called and, if required, disciplinary action will be taken.

If you submit your task late you will receive a 10% penalty. This penalty will be calculated using the total marks allocated to the task. For example, if a task is out of a total of 20 then you will be penalised 2 marks. Your teacher will notify you of your mark without the penalty and your final mark with the penalty.

ASSESSMENT COMMENCES: TERM 1, 2021

HOURS: 125

Term Number	Term 1 Close Study of Text	Term 2 The World Around us: Poetry	Term 3 Making Fear	Term 4 Living the Fantasy
Term Overview	Term Summary and Focus: In this unit, students develop their understanding of theme and how it can be represented in a novel. They closely analyse how themes can draw together the elements of a text. Students learn that themes can be represented through patterns in a text such as motif and/or characters. They will learn that themes can provide insight into the author's world and their own world.	Term Summary and Focus: Students will study a range of poetry to develop their understanding of form. They will explore common poetic techniques and how they are used to create meaning in texts. Through this study students will implement their new knowledge into a multimodal presentation where they communicate their understanding of the key ideas, language and structure of the poetry studied in class.	Term Summary and Focus: Students will develop their understanding of visual and language techniques and how these can create suspense in texts. They will improve the quality of their narratives through developing an understanding of how composers position responders to feel fear. Students will enhance their vocabularies to improve the complexity of their responses as they represent their understanding creatively in their own constructions of fear.	Term Summary and Focus: Students explore the concept of genre and learn to identify in texts elements of a particular genre. Students will learn how to compare texts and explore the similarities and differences through the use of textual evidence. Students will develop skills in writing compound and complex sentences, building towards writing structured paragraphs. Students use this knowledge to assist in their creation of a range of persuasive texts.
Subject Specific Requirements	Critical Thinking: Students comprehend, deconstruct and personally respond to a set text in order to develop skills in critical thinking and how meaning is shaped through the composer's language.	Communication: Students begin to connect their understanding of literature to real world values and emotions. They develop their understanding of the learning opportunities literature provides and how meaning has changed overtime.	Creative Thinking: Students use their understanding of the fear genre to construct their own story where characters, plot and setting can be whatever they want it to be as long as the conventions of the genre are followed.	Critical Thinking: Students develop their ability to think comparatively, studying multiple texts from the same genre to enable students to discover what they like, dislike and what makes a story truly engaging.

Formal Assessment	Task 1	Task 2	Task 3	
Assessment Overview	Critical Response Students construct a sustained written analysis clearly identifying how composers have shaped meaning in their text in response to a set question/idea or theme.	Multimodal Students share their insights into the content studied to communicate clearly their understanding of poetry and how it reveals the beauty of our natural world.	Creative Response Students construct their own unique world of fear using their skills in language and comprehension to craft an engaging and thrilling story that strikes fear in the reader.

Term Number	Term 1 Nice to meet you!	Term 2 What do we learn at school?	Term 3 My family is cool!	Term 4 Sports & Young People's Interests
Term Overview	Term Summary and Focus: The Nice to meet you unit includes: introductions and presentations in Italian, including simple formal and informal modes. Students learn to exchange information on: pleasantries, names, ages, countries, nationalities and languages spoken. They are introduced to the concept of the Italian language and the use of dialects and their emergence. A link is made to the ATSI languages and dialects phenomenon over the years, including a brief look at our local ATSI-Dharawal.	Term Summary and Focus: This unit provides students with the knowledge of school life in Italy. Students learn the necessary language of: school items, subjects, timetable, school areas and simple classroom commands, learning the use of the imperative form. Discussions are held comparing and contrasting school life in Australia and Italy, including cultural perceptions towards education as a whole.	Term Summary and Focus: In this unit students will learn to communicate about family and develop an understanding of family cultures in Australian and Italian Speaking contexts. Students can describe their family members, including names, ages and use of descriptive adjective while doing so. Students will be given the opportunity to understand that families exist across cultures in many different forms. Family culture and values help shape our identity.	Term Summary and Focus: In this unit students will explore the themes of sport, film and music in both Australian and Italian Society. Students will spend time discussing the above themes including their personal preferences and favourite genres. They will compare, contrast and develop an appreciation of the latter, including the perceptions of both cultures. This will provide students with the ability to make connections with the global community and help improve mental, emotional and physical well-being.
